

I am outraged at
Sinclair's
broadcasting
propoganda against
Senator Kerry just
before the election.

The public airways
are supposed to be
run for the public
good. How could
this be true when
Sinclair is running
partisan attacks on
one of the
candidates this
close to an
election.

I suggest the FCC
stop Sinclair from
forcing its stations
to run this
"documentary."

Thank you.

John Legler
